

4/16/2020

Avatar Healthcare Inc is thoroughly working to meet the needs of our employees, patients and their families, and community during these unprecedented times as the world responds to the COVID-19 pandemic.

We are actively monitoring and adopting CDC and CMS policy guidance to properly identify, contain, and mitigate the spread of the COVID-19 virus. To that, Avatar Healthcare Inc has:

- Reached out to all patients provided comprehensive orientation and education on handling the risk of COVID-19 situation.
- Improved ongoing monitoring for all our patients
- Enhanced collaboration and tracking to watch the health and wellness of all our staff.
- Secured and supplied personal protective equipment that adheres to infection control practices to protect staff and patients.
- Revisited emergency plans for our patients and staff, including steps for potential quarantine to align with CDC recommendations.

Avatar Healthcare Inc has the clinical resources and capability to support patients with a wide a range of acuity levels. We are also working on adopting new and innovative care delivery strategies including incorporating remote Monitoring tools.

Care at home may be the best option for chronically ill and medically compromised patients as it may reduce the risk of COVID-19 exposure and free the capacity to enable those at risk to be quickly treated. Our sincere Appreciation to all healthcare heroes.

We assure you that we will stand by you as we face this situation together.

Sharmatha Rajesh
COO
For Avatar Healthcare Inc. Management.
